**AMUSEMENT NOTES**

"Henpecked Henry."

"The funniest show in the world" is the way the Milwaukee Sentinel expressed itself regarding the famous musical comedy, "Henpecked Henry," which will be seen at the opera house Friday night, April 5.  
"Henry" is one of the most original characters ever presented upon the stage. You see him in the placid humility of a domineered husband one moment and the gay and festive follower of chorus girls and buyer of champagne suppers the next. He often breaks into song, as do his companions, and there is not a dull moment in the entire entertainment. One scene in particular is claimed by the management to be the most amusing ever conceived. It is where the shrewish wife finds the old sport in a gross inquiry and a funeral procession marches around him to the music of a dirge. The chorus is claimed to be of unusual ability and good looks.—Adv.

**NORTH FAYSTON**

Up to March 1, Some Canadian Troops Had Seen No Americans in France.

Mrs. Mattie Henry has received the following letter from her cousin, Lindsay Peever, in France. He enlisted in Canada.

France, March 1, 1918.  
My Dearest Cousin: This is a great pleasure to me this evening in trying to answer your very kind and most appreciated letter, which I received the other day, dated Jan. 24, and was indeed very glad to hear from you and know that you were all in good health. Grandmother Peever in Ireland is certainly failing fast. I hear from her quite often. Maybe I told you that I went to see her when I was in England. I was only there for a short stay and she certainly was glad to see me, and I was glad to see her, too.

I expect if I am living by April that I will be able to get a pass from France and I will go to see her again. You know we Canadian soldiers are allowed a pass from France every six months when out here, and all expenses paid for traveling to our destination, so you see I have four months in out here and have only two more to put in till I will be looking for a pass.

I hear from Roy Peever quite often, also from his girl once in a while. I guess he will be getting married soon. So your brothers are in France? I haven't run across any of the American men out here yet, but there might be a chance sometime and if I ever get the chance I will make inquiries for your brothers.

You sure must have an awful cold winter of it over there. It is very nice weather over here now, just about right for living. When I get back I intend to take a trip around your way and I also want to go to see my uncle, Tom. No, cousin, I am not in the band. I gave up the band in Canada to come to England, and when I got there they put me in the rank, where I wanted to be, shouldering my rifle. At present I am out of the trenches, at rest, and it certainly is a great joy to be away from the sound of guns and the bursting of shells.

I have had quite a few experiences while in the trenches which I would like to tell you, but I can't make it clear enough for you to understand by letter, but this isn't going to last much longer, as we have a lot of it in now, and long before this letter reaches you I will be back in the trenches again. Lindsay.

Dr. Howard was called to the camp one day last week, as one of the tannery got caught with his sled and broke a bone in his ankle. He has gone to Massachusetts.  
Miss Lena Belle Henry is at her home on account of the injuries of her mother, who got badly hurt.  
Mrs. Hugh Henry has received a letter from her son, Harold, stating that both her sons were well and that Ralph was driving an auto truck. He had already driven some and hoped they would put him on to drive all the time.

**WOMEN WHO LOSE WEIGHT AND COLOR**

Need Just the Tonic Treatment That Restored This Minnesota Woman to Health.

Women who become pale and lose weight and ambition and are subject to headaches and fainting spells, need such a tonic as Dr. Williams' Pink Pills. They are especially adapted for girls and women of all ages and give just the aid required to bring back health and strength to the nervous and exhausted.

"Mrs. Richard Ahrens, of No. 511 Fifteenth Ave., S. E., Minneapolis, Minn., tried the tonic treatment for a severe breakdown in health. She is enthusiastic in her praise.  
"I have found Dr. Williams' Pink Pills," she says, "to be a wonderful medicine. Owing to a run-down condition of my blood, I suffered for two years. My nervous system was in a terrible state. I lost flesh and suffered everything a woman could. I had severe pains throughout the top of my head and across my temples. When these spells came on me I would have to give up and was often confined to bed for a day or so. After these headaches I would feel weak for days. I had no appetite whatever.

"The doctor did not help me much. For a time I would feel better under his treatment and then he would say, 'Through reading about Dr. Williams' Pink Pills I was led to give them a trial. I soon felt better and gained rapidly. I gained in flesh, had a good color and could eat a hearty meal. I take the pills now once in a while for a tonic and always receive benefit from them."  
There has been no increase in the price of Dr. Williams' Pink Pills. Your own druggist can supply you or the pills will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write to-day for the valuable booklet "Plain Talks to Women." It is free.—Adv.

**Saving Fuel in Cooking.**  
The principal of a prominent cooking school writes in the March Woman's Home Companion:  
"Many people have not coal enough. Millions of tons of coal are needed for war work. The housekeeper's supplies of wood, coal, electricity, and gas must be made to last as long as possible.  
"An excellent way to save fuel is not to use it. Fresh or canned fruits for desserts in place of cakes and pies; salads, nuts, raisins, milk, cheese, punch, junk, etc., and gelatines are uncoked foods that we can use constantly. Foods that require simply to be heated but need no long period of cooking may be used often. Milk soups, broiled fish, and tender meats also come in this class. If the oven has to be used for one dish, then plan to cook the whole meal in it."
